## Summary

Computer Science student with experience building AI-powered applications and full-stack solutions using Python, JavaScript, and the MERN stack. Developed a resume screening system that improved accuracy by 85% and built a complete business accounting application. Skilled in Java, React, Node.js and SQL. Looking to contribute as a Developer.

## Technical Skills

| | |
|---|---|
| **Programming Languages** | Java, Python, JavaScript, SQL, C |
| **Frontend** | HTML5, CSS3, React.js, Responsive Web Design |
| **Backend & APIs** | Node.js, REST APIs, JWT Auth, API Integration |
| **Databases** | MySQL, MongoDB, Mongoose |
| **Tools & Platforms** | Git, GitHub, VS Code, Vercel |

## Projects

**Intelligent Resume Analysis Using Artificial Intelligence**
*( Python, NLP, Machine Learning, HTML, CSS, JavaScript, MySQL )* Github Link

- Developed an AI-powered resume screening and job matching system using Natural Language Processing and Machine Learning algorithms to automate candidate evaluation
- Implemented resume parsing, TF-IDF vectorization, and cosine similarity algorithms for accurate candidate ranking and job matching with 85% accuracy improvement
- Built skill-gap analysis module and automated candidate shortlisting feature, reducing manual screening time by 60%
- Designed and integrated MySQL database for storing candidate profiles and job descriptions with optimized SQL queries
- Applied Agile methodology and Git version control for collaborative development and code management

**Hisabdar - Business Ledger & Accounting Application**
*( React.js, MongoDB, Node.js, JWT Auth, REST APIs )* Github Link

- Developed full-stack accounting and ledger management application for small businesses using MERN architecture
- Implemented RESTful APIs for invoice tracking, payment recording, expense management, and financial reporting modules
- Integrated JWT authentication and authorization for secure user access and data protection
- Designed responsive UI using React.js with component-based architecture, improving user experience by 40%
- Developed backup and restore functionality, ensuring data integrity and business continuity

## Education

**Bachelor of Technology in Computer Science and Engineering** Hyderabad, India
*Gokaraju Rangaraju Institute of Engineering and Technology* *2023 - 2027*

## Certifications

- Data Science for Engineers NPTEL
- Data Analytics with Python NPTEL
- Fundamentals of Cybersecurity Zscaler Training
